Mr. ROSS. Madam Speaker, I rise to make a good-news announcement.

I'm joined today by the Arkansas congressional delegation, minus one, and the one that's not with us today is Congressman VIC SNYDER from Little Rock. And the reason he is not is we are pleased to announce that yesterday morning, Vic and his wife, Betsy, and their son, Penn, were pleased to welcome into this world newborn triplets. The three-member Snyder family has now grown by three, and they welcome Aubrey at 3 pounds, 15 ounces; Wyatt at 4 pounds, 10 ounces; and Sullivan at 4 pounds, 15 ounces. They are all doing well, and they expect to remain in the hospital for about 3 weeks.

Please keep Vic, Betsy and Penn in your hearts and prayers.

PROVIDING FOR CONSIDERATION OF H.R. 7321, AUTO INDUSTRY FINANCING AND RESTRUCTURING ACT

Ms. SLAUGHTER. Madam Speaker, by direction of the Committee on Rules, I call up House Resolution 1534

and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 1534

Resolved, That upon the adoption of this resolution it shall be in order to consider in the House the bill (H.R. 7321) to authorize financial assistance to eligible automobile manufacturers, and for other purposes. All points of order against the bill and against its consideration are waived. The bill shall be considered as read. The previous question shall be considered as ordered on the bill and any amendment thereto to final passage without intervening motion except: (1) One hour of debate equally divided and controlled by the chairman and ranking minority member of the Committee on Financial Services; (2) the amendment printed in the report of the Committee on Rules accompanying this resolution, if offered by Representative LaTourette of Ohio or his designee, which shall be in order without intervention of any point of order, shall be considered as read, shall be separately debatable for 10 minutes equally divided and controlled by the proponent and an opponent, and shall not be subject to a demand for a division of the question; and (3) one motion to recommit with or without instructions.

SEC. 2. During consideration of H.R. 7321 pursuant to this resolution, notwithstanding the operation of the previous question, the Chair may postpone further consideration of the bill to such time as may be designated by the Speaker.

The SPEAKER pro tempore. The gentlewoman from New York is recognized for 1 hour.

Ms. SLAUGHTER. Madam Speaker, for the purpose of debate only, I yield the customary 30 minutes to the gentleman from California (Mr. DREIER). All time yielded during consideration of the rule is for debate only.

Madam Speaker, I yield myself such time as I may consume and ask unanimous consent that all Members may be given 5 legislative days in which to revise and extend their remarks on House Resolution 1534.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from New York?

There was no objection.

Ms. SLAUGHTER. Madam Speaker, H. Res. 1354 provides for consideration of H.R. 7321, the Auto Industry Financing and Restructuring Act.

Madam Speaker, once again we find ourselves meeting under dire circumstances: a shaky stock market, the highest unemployment rate in decades, the greatest financial crisis we have seen in generations.

Of all the industries that contribute to our economy, the automobile industry has been hit particularly hard. The steep decline in auto sales emerged this past summer when gas prices rose to record-breaking levels and the deepening economic recession further reduced consumer demand for automobiles. Now sales have fallen to the lowest rate in 25 years.

The global economic crisis has the American auto industry facing an unprecedented liquidity shortfall that threatens their viability. Should this industry continue its stark descent, or

in the worst case scenario fail, it would have a devastating effect on our Nation's workforce as well as our overall prospects for economic recovery.

Madam Speaker, the U.S. automobile industry is one of the largest sectors of our economy. Auto companies directly or indirectly support over 4 million American jobs and provide nearly 1 million retirees with pension and health care benefits. In western New York alone, the auto industry supports over 12,000 workers and 13,000 retirees, and the failure of major auto companies could cause generations of auto workers to lose their hard-earned pensions and health care while causing the current livelihood of workers to lose their jobs. It would also threaten the auto suppliers, the dealers, and other related businesses, a domino effect that would certainly cripple our economy. Furthermore, if the auto industry collapses, experts estimate the U.S. trade deficit would grow by over \$109 billion or 15.6 percent.

Mr. Speaker, quite simply, America cannot afford to let Detroit fail. The auto industry is the backbone of American manufacturing, and should it unravel, all the government's work towards stabilizing the financial markets would be in vain. It is in our country's best interest, as we work to pull ourselves out of this recession, to ensure that our auto industry remains viable and competitive.

For this reason Democrats have met this administration at the table to work toward a solution to stabilize this industry. The bill before us today is an important bipartisan step in helping to address the crisis that is afflicting not only the auto industry but American families from coast to coast.

Our goal with this loan package is to strengthen and to restructure the auto industry and to ensure viability before the crisis further impacts Main Street. Since talks began, Democrats have fought for key measures to protect the American taxpayers. When the automakers first requested funding, Democrats told them to come back with a plan to show us how they would restructure the industry in order to achieve the viability necessary to repay the loan. The package before us today now includes several key oversight provisions. By making \$14 billion available in already appropriated loans, the bill will provide a needed boost to the overall economy.

Mr. Speaker, what happens to the U.S. auto industry affects us all. The three car companies, for example, purchased \$156 billion in parts, materials, and services last year. Supporting jobs in all 50 States, the bill preserves the jobs of 355,000 workers in the United States directly employed by auto industry and an additional 4.5 million Americans working in related industries.

The bill contains stringent taxpayer protections, including authorizing our government to take equity stakes in the company through stock warrants
